QUALITY MAKES THE DIFFERENCE

# Rexroth Bosch Group

Service Point

## The advantages BVS has to offer:

- ✓ The world's first and only service point in the industrial electronics servicing industry
- ✓ Highest quality at manufacturer level at attractive fixed prices
- ✓ Certified repair workshop
- ✓ Repairs exclusively with original components
- ✓ 24/7 availability of new & replacement parts as well as repairs
- ✓ Long-term availability guarantees possible
- ✓ Fully compatible HMI/IPC replacement solutions under our own unipo® brand

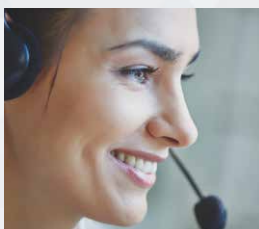

## Bosch Rexroth Group Service Point

Since 2015 we have been the **only company worldwide** in the controller and drive industry to become an official „**Bosch Rexroth Service Point**“. This marked the **first time ever** that a company from the industrial electronics servicing industry was awarded this status.

The contract signing for the new cooperation agreement took place at the premises of BVS Industrie-Elektronik.

We offer maintenance services including **repair, exchange** and the **sale of replacement and new parts** for the broad product portfolio from **Bosch Rexroth** that ranges from **drives and motors** to **gear units, controllers, plug-in cards** and a wide range of **accessories**. Thanks to the **Bosch Rexroth Group Service Point** status, you will enjoy many **benefits** as a customer.

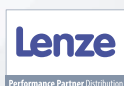

We are available to answer your questions around the clock.

**24/7 Hotline: +49 6181 95404-200**

Fax: +49 6181 95404-5

## Industrie-Elektronik

QUALITY MAKES THE DIFFERENCE

**Rexroth**  
Bosch Group

Service Point

Our **DIN EN ISO 9001:2015 certified repair workshop** stands out for the **high qualification level of our staff** as well as the **high quality of our work equipment**. Further and **additional training** provided by **Bosch Rexroth AG** guarantees that our employees are always aware of the company's **latest developments** and **repair processes**. Repairs of **Bosch products** are thus part of our daily routine and **shorten downtimes** for machine operators. To guarantee the fault-free function of the assembly in everyday operating conditions, **functional and load tests** are always completed on **original test stands**. The use of **original components** provides customers with a **24-month warranty\*** on all **general overhaul** services and **new parts**.

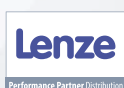

In a direct comparison with other independent repair shops, you benefit from our **bundled knowledge** of a wide range of different manufacturers, **optimum availability**, the **shortest repair times** and **great prices** thanks to **top OEM conditions**.

For existing **HMI/IPC applications** manufactured by **Indramat/Bosch Rexroth**, we also offer **fully compatible replacement solutions** under our own **unipo®** brand.

\* 24 months warranty\* on product overhauls and new parts. 12 months warranty\* on functional repairs (only on exchanged components).
