QUALITY MAKES THE DIFFERENCE

SEW
EURODRIVE

SERVICE
PARTNER

SEW-EURODRIVE automation solutions

With the **drive technologies** manufactured by **SEW-EURODRIVE**, we offer a variety of solutions for a wide range of industries. These are optimally matched to your application and can be used flexibly.

Based upon our long-term **partnership with SEW-EURODRIVE** and our closer and more direct cooperation as an official **service partner**, you will now be able to make further use of improved **services** centred around the entire **SEW-EURODRIVE product portfolio**. You benefit from very fast turnaround times for **urgent repairs** of **SEW-EURODRIVE products** and are granted **exclusive access** to the products, original components and services after the manufacturer has **officially discontinued** the assemblies. We can supply **new, exchange** and **replacement parts** for purchase as well as **general overhaul repairs** for **current** and **discontinued** assemblies – and always at a fixed price.

By using **original components** we can also offer you a **24-month warranty*** on the complete assembly. This also applies to the purchase of replacement and exchange assemblies.

That's how we fully ensure your continuous supply with high-quality replacement for your defective **SEW-EURODRIVE** assemblies.

A new milestone in manufacturer proximity:
BVS Industrie-Elektronik is SEW-EURODRIVE Service Partner

Ihre Vorteile bei BVS:

-  New, replacement and exchange parts as well as general refurbishment and repairs for current and discontinued assemblies
-  Very fast turnaround times for urgent repairs
-  24-month warranty* on the complete assembly
-  Exclusive access to already discontinued assemblies, original components and services from **SEW-EURODRIVE**
-  All from one source

We are available to answer your questions around the clock.
